AICTE APH DOCUMENT REQUIREMENTS MATRIX

1. New Technical Institution

APH source	Chapter I; Annexure 1 §§1.1–1.3; Chapter VI §6.17
Documents required / condition	At scrutiny: approved Building Plan (Certificate 2), prepared by COA-registered Architect/Licensed Surveyor (Certificate 1); Affidavit 2; Applicant Organization resolution (Format 3); Occupancy/Completion Certificate/Building License/Form D as applicable (or specified affidavit promising production on completion, where permitted); valid Fire Safety Certificate; Certificate 3 from Bank Manager on financial status; complete portal application copy; registration document of Trust/Society/Company/PPP/BOT showing members, objectives, MoA and Rules; BoG composition for standalone PGDM; Section 8 company non-profit clause in MoA/Rules; PPP/BOT-specific resolution and allocation of land/building/funds if applicable; land ownership/registered deed/lease evidence; lease-related joint Affidavit 7 where applicable; land-use/conversion certificate and other site-specific documents. At EVC: recruitment advertisement; internet bandwidth proof; library book/title-volume list; invoices for equipment/books; journal subscription details; sanctioned electrical load; Architect certificate for sewage, barrier-free access, toilets and all-weather approach roads; other institutions run by same body; ~30-minute facility video and URL. Post-LoA: faculty and Principal/Director appointment compliance as prescribed.
Fields / data to capture	APH does not provide a complete portal field schema in the annexure. Capture applicant/legal entity, institution name/type, site address, land/lease details, plot and building data, programmes/levels/intake, signatory, financial evidence, document identifiers/dates/issuers and EVC facility data as applicable; confirm exact portal fields from the live form.
Authorized signatories / document issuers	Applicant/authorized signatory or Head of Institution authenticates supporting documents as specified; Affidavit 2 sworn before First Class Judicial Magistrate/Notary/Oath Commissioner; building plan by registered Architect/Licensed Surveyor and approved by competent State/UT authority; certificates from competent authorities; bank Certificate 3 from Bank Manager. APH does not define software RBAC permissions.
Validity / time limits	Fire Safety Certificate must be valid; building/occupancy document must be applicable and issued by competent authority. Land lease generally minimum 30 years under stated conditions; private lease must have 30-year validity as of Council notification and live lease covering at least 5 years of programme duration at application time. Structural Stability Certificate is required after 30 years from Completion Certificate and valid 5 years. LoA validity is 2 academic years. Other document-specific expiry may depend on issuing authority.
Automation guidance	Automate presence, file type/readability, signature metadata where technically verifiable, dates, expiry where explicit, required conditional documents, cross-field consistency and clause traceability. Human review required for legal title, adequacy of plans, facility compliance and substantive eligibility.
Verification status / notes	Detailed requirements stated; conditional/site-specific requirements must be encoded separately

2. EoA based on Self-Disclosure

APH source	Chapter II §2.1; Annexure 2 §2.1; §2.3.4
Documents required / condition	Affidavit 2 with DSC of Chairman/Secretary (self-financing) or authorized person (Government/Government-aided); AICTE portal payment receipt print if any for the relevant academic year; valid Occupancy/Completion Certificate/Building License/Form D; valid Structural Stability Certificate if building is more than 30 years from issue of Completion Certificate; valid Fire Safety Certificate; satellite map showing land location and latitude/longitude at entrance of main building; audited statement of accounts for previous year. Special rule: Government buildings older than 50 years where original documents cannot be produced require competent-authority letter confirming AICTE building norms are fulfilled.
Fields / data to capture	Institution ID/name, academic year, institution category, authorized signatory, payment receipt reference, building certificate type/issuer/issue date/expiry if shown, building completion date, fire certificate details, structural certificate details if triggered, coordinates, audited financial year and file metadata. Exact portal fields must be verified against the portal.
Authorized signatories / document issuers	Affidavit authenticated by Chairman/Secretary or authorized Government/Government-aided signatory; building/fire certificates from competent authority; structural certificate from registered Structural Engineer; audited accounts of Trust/Society/Company.
Validity / time limits	Occupancy/Completion/Building License/Form D and Fire Safety Certificate must be valid; no universal fixed expiry period specified here. Structural Stability Certificate applies after 30 years and is valid for 5 years. Audited accounts are for the previous year. Do not invent a validity duration for fire certificates.
Automation guidance	Automate document presence, previous-year financial period, coordinates present, explicit validity dates, building age trigger and conditional structural certificate. Human reviewer confirms applicability and document authenticity/adequacy.
Verification status / notes	Explicit Annexure 2 checklist

AICTE APH DOCUMENT REQUIREMENTS MATRIX

3. Introduction / Continuation of NRI seats

APH source	Chapter II; Annexure 2 §2.2
Documents required / condition	Resolution of the Trust/Society/Company approving introduction of seats for children of Non-Resident Indians, signed by Chairman/Secretary in Format 3.
Fields / data to capture	Institution and applicant entity; request type (introduction/continuation); resolution date/reference; signatory name/designation; applicable academic year and seat details as required by portal. Exact portal fields not enumerated in Annexure 2.
Authorized signatories / document issuers	Chairman/Secretary signs Format 3 resolution.
Validity / time limits	No document expiry period stated for the resolution in §2.2. Academic-year applicability and current portal requirements should be verified.
Automation guidance	Presence, Format 3 identification, signature and academic-year linkage can be checked; human review confirms resolution authorizes the requested action.
Verification status / notes	Explicit checklist; fields beyond resolution are portal-dependent

4. Conversion: Diploma level ↔ Degree level

APH source	Chapter II §§2.3, 2.23; Annexure 2 §2.3
Documents required / condition	No Objection Certificate from affiliating University/Board in Format 2; Trust/Society/Company resolution in Format 3 approving the relevant conversion, signed by Chairman/Secretary. Annexure 1 is additionally required only for Change of Site/Location, not solely because of this conversion.
Fields / data to capture	Institution, current and proposed level, programmes/courses and intake affected, affiliating body, NOC and resolution dates/reference, signatory and academic year; exact form fields must be verified in portal.
Authorized signatories / document issuers	NOC from affiliating University/Board; Format 3 resolution signed by Chairman/Secretary.
Validity / time limits	No fixed expiry period specified for the NOC or resolution in Annexure 2; check whether current academic-year and affiliating-body requirements apply.
Automation guidance	Check document presence, format, signatures, matching institution/course names and level. Human reviewer verifies substantive eligibility and applicable norms.
Verification status / notes	Explicit documents; eligibility rules elsewhere in Chapter II

5. Change in name of Institution

APH source	Chapter II §2.19; Annexure 2 §2.10; Chapter I §§1.5.4–1.5.5 referenced
Documents required / condition	NOC from affiliating University/Board in Format 2 OR receipt with official seal from authorized signatory proving submission of documents to affiliating University/Board; Trust/Society/Company resolution approving name change in Format 3 signed by Chairman/Secretary. Additional conditions in Chapter I §§1.5.4–1.5.5 apply.
Fields / data to capture	Current legal name, proposed name, legal entity/institution IDs, reason and resolution reference/date, affiliating body, NOC or submission receipt details, effective date if applicable. Exact portal field names not listed in Annexure 2.
Authorized signatories / document issuers	NOC from affiliating University/Board or official-sealed receipt; resolution signed by Chairman/Secretary.
Validity / time limits	No fixed document expiry stated; application/affiliating-body processing timelines in Chapter II may apply.
Automation guidance	Compare current/proposed names across application and documents; verify NOC/receipt and resolution signatures. Human review checks legal name-change conditions.
Verification status / notes	Explicit checklist plus cross-reference to Chapter I

6. Change in name of affiliating University/Board

APH source	Chapter II §2.19; Annexure 2 §2.11
Documents required / condition	NOC from affiliating University/Board in Format 2 OR receipt with official seal from authorized signatory proving submission of documents to affiliating University/Board; Trust/Society/Company resolution approving change in name of affiliating University/Board in Format 3 signed by Chairman/Secretary.

AICTE APH DOCUMENT REQUIREMENTS MATRIX

Fields / data to capture	Existing and new affiliating University/Board names, institution details, resolution/NOC or receipt references, dates, signatory and effective academic year.
Authorized signatories / document issuers	NOC or official-sealed receipt from affiliating University/Board; resolution signed by Chairman/Secretary.
Validity / time limits	No fixed document expiry stated in Annexure 2.
Automation guidance	Cross-check affiliating-body name consistency and signature/presence; human review confirms legal change and applicability.
Verification status / notes	Explicit checklist

7. Change of type of Institution / conversion into University or deemed-to-be University

APH source	Chapter II §2.19; Annexure 2 §2.8; Chapter IV may apply for University route
Documents required / condition	NOC from affiliating University/Board in Format 2; Trust/Society/Company resolution approving change of type in Format 3 signed by Chairman/Secretary. Affidavit 2 is explicitly marked not applicable to change of type in Annexure 2 §2.8. For conversion to University/deemed-to-be University, additional Chapter IV/UGC requirements may apply; do not assume §2.8 alone is the complete checklist.
Fields / data to capture	Current institution type, proposed legal/university status, applicant entity, affiliating body, relevant government/UGC notification and campus details if applicable, NOC/resolution references.
Authorized signatories / document issuers	NOC from affiliating University/Board; resolution signed by Chairman/Secretary; additional University status documents from competent Government/UGC authorities where applicable.
Validity / time limits	No fixed expiry for NOC/resolution stated. Additional certificates/approvals must be current as required by Chapter IV/UGC provisions.
Automation guidance	Automate presence and cross-document consistency. Human legal/regulatory review is essential because the handbook points to additional University-specific provisions.
Verification status / notes	Partially explicit; must reconcile Chapter IV and applicable UGC provisions

8. Start new Programme / Level in existing Institution

APH source	Chapter II §2.3; Annexure 2 §2.3
Documents required / condition	NOC from affiliating University/Board in Format 2; Trust/Society/Company resolution in Format 3 approving the proposed new Programme/Level, signed by Chairman/Secretary. Annexure 1 documents are not universally required for this category; §2.3 makes them applicable only for Change of Site/Location.
Fields / data to capture	Existing institution and approved programmes, proposed programme/level/course, proposed intake/divisions, affiliating body, resolution/NOC references and academic year; detailed portal fields to be confirmed.
Authorized signatories / document issuers	NOC from affiliating University/Board; resolution signed by Chairman/Secretary.
Validity / time limits	No fixed expiry for NOC/resolution stated. Course nomenclature/curriculum and current-year conditions may be applicable under other clauses.
Automation guidance	Automate presence and course-level consistency; human review verifies programme eligibility, infrastructure and faculty norms.
Verification status / notes	Explicit documents; other eligibility provisions apply

9. Merger of institutions in same campus/city

APH source	Chapter II; Annexure 2 §2.4
Documents required / condition	All documents specified in Annexure 2, except for institutions fulfilling Chapter II Clause 2.10.2(b); NOC from affiliating University/Board in Format 2; resolution in Format 3 approving merger, signed by Chairman/Secretary; legal documents applicable to merger under prevailing Government norms/rules when institutions are under different Trusts/Societies/Companies.
Fields / data to capture	All merging institution IDs/names, legal entities before/after merger, campus/site, courses/intakes, affiliating body, legal merger instrument and registration details, resolution/NOC metadata.
Authorized signatories / document issuers	Format 3 resolution signed by Chairman/Secretary; NOC from affiliating University/Board; merger/legal documents issued/registered by competent authority as required by applicable law.
Validity / time limits	No universal expiry period stated. Legal merger instrument must be effective/registered as applicable. Exception under Clause 2.10.2(b) must be evaluated, not guessed.
Automation guidance	Automate presence and matching of institution identifiers; human legal review required for merger validity, exception eligibility and transfer of assets/liabilities.

AICTE APH DOCUMENT REQUIREMENTS MATRIX

Verification status / notes	Conditional checklist; legal merger rules need case-specific review

10. EoA after break / restoration of intake / hibernation

APH source	Chapter II §§2.15–2.16; Annexure 2 §2.1
Documents required / condition	Annexure 2 §2.1 checklist: Affidavit 2 with required digital signature; portal payment receipt print if any for relevant academic year; valid Occupancy/Completion Certificate/Building License/Form D; valid Structural Stability Certificate if building is more than 30 years from Completion Certificate; valid Fire Safety Certificate; satellite map with latitude/longitude at main-building entrance; previous-year audited accounts. Government building older than 50 years exception: competent-authority letter confirming AICTE building norms where original documents cannot be submitted. Hibernation/restoration also triggers relevant financial viability and EVC/infrastructure requirements under the applicable Chapter II clause.
Fields / data to capture	Break period/hibernation dates, last approval/intake, restoration request and academic year, financial viability evidence, building age/certificate dates, coordinates and all §2.1 fields.
Authorized signatories / document issuers	Same signatory/issuer rules as EoA checklist; financial viability documents as required by applicable clause.
Validity / time limits	Same §2.1 certificate rules; structural certificate valid 5 years after it becomes required; hibernation/restoration deadlines and EVC requirements are process rules, not document expiry.
Automation guidance	Automate conditional checklist based on break/hibernation/restoration state; human review verifies viability and infrastructure.
Verification status / notes	Explicit common documents plus conditional Chapter II requirements

11. Introduction / continuation of supernumerary seats for OCI / Foreign Nationals / Gulf children

APH source	Chapter II; Annexure 2 §2.5
Documents required / condition	At EVC: details of hostel facilities and hostel administration; Office of International Affairs (OIA) to assist in matters related to OCI/Foreign Nationals/Children of Indian Workers in Gulf Countries; Format 3 resolution approving introduction of these supernumerary seats, signed by Chairman/Secretary.
Fields / data to capture	Seat category, proposed/continued seats and academic year, hostel capacity/facilities/administration, OIA details/contact, resolution metadata and signatory. Portal field schema to confirm.
Authorized signatories / document issuers	Resolution signed by Chairman/Secretary; institutional evidence for hostel and OIA.
Validity / time limits	No fixed expiry period stated for resolution/hostel details/OIA evidence. Confirm current academic-year applicability and current EVC instructions.
Automation guidance	Presence and data completeness can be checked; human EVC verifies actual hostel and international-affairs arrangements.
Verification status / notes	Explicit EVC document/information list

12. Increase in intake / Additional course(s) / Courses in Indian language

APH source	Chapter II; Annexure 2 §2.6
Documents required / condition	Affidavit 8 on Rs.100 non-judicial/e-stamp paper sworn before First Class Judicial Magistrate/Notary/Oath Commissioner (not applicable for Extended EoA); Format 3 resolution approving additional courses/divisions in existing programme and allocation of land/building/funds, signed by Chairman/Secretary.
Fields / data to capture	Current and proposed intake, course/programme and division, academic year, land/building/funds allocation, affidavit and resolution metadata. Additional course-specific data should be derived from applicable norms and portal form.
Authorized signatories / document issuers	Affidavit 8 sworn before specified authority; Format 3 resolution signed by Chairman/Secretary.
Validity / time limits	No fixed expiry for Affidavit 8 or resolution stated. Extended EoA exception must be encoded.
Automation guidance	Automate conditional affidavit requirement and document consistency; human review assesses faculty, infrastructure, intake and applicable course norms.
Verification status / notes	Explicit checklist with exception

13. Introduction of Integrated / Dual Degree course

AICTE APH DOCUMENT REQUIREMENTS MATRIX

APH source	Chapter II; Annexure 2 §2.6
Documents required / condition	Affidavit 8 on Rs.100 non-judicial/e-stamp paper sworn before First Class Judicial Magistrate/Notary/Oath Commissioner (the Annexure exception is only for Extended EoA); Format 3 resolution approving proposed course/division and allocation of land/building/funds, signed by Chairman/Secretary.
Fields / data to capture	Proposed integrated/dual degree course, levels, curriculum/academic structure as requested by portal, proposed intake, resource allocation, academic year and signatory details.
Authorized signatories / document issuers	Affidavit 8 sworn before specified authority; resolution signed by Chairman/Secretary.
Validity / time limits	No fixed document expiry stated. Course-specific regulatory requirements may add conditions.
Automation guidance	Automate presence, signature and matching course data; human review verifies curriculum/academic eligibility and infrastructure.
Verification status / notes	Explicit shared §2.6 checklist

14. Introduction / Continuation of Fellow Programme in Management (FPM)

APH source	Chapter II; Annexure 2 §2.6
Documents required / condition	Affidavit 8 on Rs.100 non-judicial/e-stamp paper sworn before First Class Judicial Magistrate/Notary/Oath Commissioner (not applicable for Extended EoA); proof of existence of Faculty with Ph.D./Fellow qualification as per number of seats; Format 3 resolution approving additional courses/divisions and allocation of land/building/funds, signed by Chairman/Secretary.
Fields / data to capture	FPM programme, seats, faculty identity and Ph.D./Fellow qualification evidence, course allocation and academic year; exact portal fields to confirm.
Authorized signatories / document issuers	Affidavit 8 sworn before specified authority; resolution signed by Chairman/Secretary; qualification documents issued by awarding institutions.
Validity / time limits	No fixed expiry for affidavit/resolution stated; qualification evidence is not assigned a time expiry in §2.6.
Automation guidance	Check presence, faculty count and qualification-document metadata; human review verifies qualification equivalence and sufficiency against required number of seats.
Verification status / notes	Explicit conditional checklist

15. Change course name / merger of courses / reduction in intake

APH source	Chapter II §2.18; Annexure 2 §2.9
Documents required / condition	Format 3 resolution approving course-name change/merger/reduction/closure, signed by Chairman/Secretary. NOC from affiliating University/Board in Format 2 with clear alternative arrangements for existing students is required for closure of programme(s)/course(s).
Fields / data to capture	Affected programme/course, current and proposed nomenclature, current/proposed intake, courses merged, student cohorts and transition arrangements for closure, resolution/NOC details and academic year.
Authorized signatories / document issuers	Resolution signed by Chairman/Secretary; closure NOC from affiliating University/Board.
Validity / time limits	No fixed expiry stated for resolution/NOC. For closure of programme/course, application is valid for duration of respective course during which mandatory documents must be submitted; see Chapter II §2.18(f).
Automation guidance	Automate affected-course consistency, closure-specific NOC requirement and student-transition fields; human review checks nomenclature/merger/reduction eligibility.
Verification status / notes	Explicit shared checklist with closure-only NOC

16. Collaboration and Twinning Programme

APH source	Chapter III; Annexure 2 §2.14

AICTE APH DOCUMENT REQUIREMENTS MATRIX

Documents required / condition	(1) Authorized-signatory letter from foreign university/institution confirming award recognition/equivalence in parent country; (2) Trustee letter on fees and intake per course; (3) Trustee and foreign partner letter detailing admission, entry qualifications, all fees, examination/evaluation and no major deviations from parent-country procedures; (4) Trustee letter detailing semesters in India/foreign country under §3.2; (5) bilateral agreement/MoU between foreign partner and Indian institution; (6) bilateral agreement/MoU between Indian institution and affiliating University/Board; (7) Affidavit 11 including arrangement for students who fail to get visas; (8) attested proof similar qualification is offered in parent country; (9) foreign partner letter that degree is awarded only in parent country; (10) valid NBA certificate / NIRF ranking within Top 200 for course(s); (11) Format 3 resolution approving programme, signed by Chairman/Secretary.
Fields / data to capture	Foreign partner legal identity and country, course/award, fees, intake, entry qualifications, admissions/exam/evaluation rules, semester split, visa contingency, parent-country recognition, NBA/NIRF evidence and dates, MoU parties/term, signatories and academic year.
Authorized signatories / document issuers	Foreign partner authorized signatory; Trustee; Indian institution and affiliating University/Board signatories to MoUs; Affidavit 11 sworn as required by its prescribed format; Format 3 signed by Chairman/Secretary; NBA/NIRF evidence from relevant source.
Validity / time limits	NBA certificate/NIRF ranking must be valid and within Top 200 as required by §2.14; verify the certificate/ranking period. Handbook does not state a universal expiry duration for MoUs or letters here; use their own effective/expiry terms and current clause requirements.
Automation guidance	Automate checklist, parties, dates, signature/presence and ranking/certificate dates where machine-readable. Human review must verify equivalence, foreign recognition, contract sufficiency and regulatory compliance.
Verification status / notes	Explicit 11-item checklist; validity must be read from credential/award source

17. Change of Site / Location

APH source	Chapter II §2.17; Annexure 2 §2.3; Annexure 1
Documents required / condition	All documents specified in Annexure 1 (as applicable to new site/location); NOC from affiliating University/Board in Format 2; Format 3 resolution approving Change of Site/Location, signed by Chairman/Secretary. Chapter II §2.17 adds that built-up area must meet norms for all existing programmes/courses; EVC verifies infrastructure; movable equipment/library/property shift only after Council approval; possible second EVC after shift.
Fields / data to capture	Existing and proposed site address, coordinates, jurisdiction/affiliating body, land/lease ownership, land use, building plan/occupancy/fire safety, built-up area by category, programmes/intake, equipment/library transfer plan and EVC stages.
Authorized signatories / document issuers	Annexure 1 signatories/issuers apply; NOC from affiliating University/Board; resolution signed by Chairman/Secretary; building and safety certificates from competent authorities.
Validity / time limits	Apply Annexure 1/Chapter VI validity rules: private land lease 30-year validity at Council notification and live lease duration requirement; Structural Stability Certificate valid 5 years when triggered; occupancy and fire certificates must be valid. Change becomes effective only after final approval.
Automation guidance	Automate site checklist, coordinate/address consistency and explicit certificate expiry; human/EVC review verifies physical facilities and suitability.
Verification status / notes	Explicit combined checklist; extensive Annexure 1 conditions

18. Closure of Institution (progressive/complete)

APH source	Chapter II §2.7; Annexure 2 §2.7
Documents required / condition	NOC from affiliating University/Board in Format 2 clearly specifying provisions/alternative arrangements for existing students; latest salary sheet showing pay scale, gross pay, PF deduction, TDS for all faculty/non-teaching staff and Faculty:Student ratio; RPGF/Joint FDR details with AICTE; status of existing students; status of faculty/staff and liabilities; Affidavit 4 on Rs.100 non-judicial/e-stamp paper sworn before First-Class Judicial Magistrate/Notary/Oath Commissioner stating no liabilities for faculty/staff/students; pending court cases, serious charges, norm violations and pending ragging cases; Format 3 resolution approving closure signed by Chairman/Secretary.
Fields / data to capture	Closure type, proposed date, all courses/intakes, student cohort/status and transfer arrangements, faculty/staff roster and salary components, liabilities, FDR/RPGF details, litigation/ragging/violation declarations, NOC and resolution metadata.
Authorized signatories / document issuers	NOC from affiliating University/Board; Affidavit 4 sworn before specified authority; resolution signed by Chairman/Secretary; salary/student/staff status supplied by institution.

AICTE APH DOCUMENT REQUIREMENTS MATRIX

Validity / time limits	No fixed expiry for these documents stated. Application timing/withdrawal conditions are governed by Chapter II, not document validity.
Automation guidance	Automate completeness and numeric reconciliation; human review is essential for liabilities, student protection, litigation declarations and closure recommendation.
Verification status / notes	Explicit checklist

19. Conversion of Women's Institution ↔ Co-ed Institution

APH source	Chapter II; Annexure 2 §2.3
Documents required / condition	NOC from affiliating University/Board in Format 2; Format 3 resolution approving conversion, signed by Chairman/Secretary. Note: State Government NOC must be obtained where applicable before the academic session. Annexure 1 bundle is only for Change of Site/Location under this section.
Fields / data to capture	Current and proposed institution type, institution and affiliating body, applicable State Government NOC status, resolution/NOC metadata and effective academic year.
Authorized signatories / document issuers	NOC from affiliating University/Board; resolution signed by Chairman/Secretary; State Government NOC if applicable.
Validity / time limits	No fixed expiry stated for NOC/resolution; State Government NOC must be obtained before session where applicable.
Automation guidance	Automate conditional State NOC requirement based on applicable rule, document presence and institution type. Human review verifies applicability and compliance.
Verification status / notes	Explicit checklist with state-specific condition

20. Closure of Programme(s) / Course(s)

APH source	Chapter II §§2.18, 2.23; Annexure 2 §2.9
Documents required / condition	NOC from affiliating University/Board in Format 2 with clear alternative arrangements for education of existing students; Format 3 resolution approving closure signed by Chairman/Secretary. The NOC requirement in §2.9 is closure-specific.
Fields / data to capture	Programme/course IDs, intake, existing student counts/cohorts, teach-out/alternative arrangements, closure effective date, NOC and resolution references.
Authorized signatories / document issuers	NOC from affiliating University/Board; resolution signed by Chairman/Secretary.
Validity / time limits	Application is valid for the duration of the respective course; mandatory documents must be submitted within that duration, otherwise AICTE may initiate action (Chapter II §2.18(f)).
Automation guidance	Automate course duration clock, document presence and student-transition data; human review confirms adequacy of arrangements.
Verification status / notes	Explicit checklist and explicit application-validity rule

21. Change in Bank Details

APH source	Chapter II; Annexure 2 §2.12
Documents required / condition	Notarized Affidavit 9 by Chairperson/Secretary of Trust/Society/Company stating reasons for bank-detail change; Format 3 resolution approving the change, signed by Chairperson/Secretary; if banks have merged, NOC/certificate from bank confirming merger subject to Government notification.
Fields / data to capture	Old/new bank name, branch, account identifier (store securely), IFSC and other portal-required fields, reason, affidavit/resolution metadata, merger notification/reference if applicable. Exact portal fields are not listed in Annexure 2.
Authorized signatories / document issuers	Affidavit 9 notarized; resolution signed by Chairperson/Secretary; bank merger evidence issued by bank and linked Government notification.
Validity / time limits	No fixed expiry stated for affidavit/resolution/bank merger certificate. Bank account status and current bank proof should be confirmed; do not infer an expiry duration.
Automation guidance	Automate field completeness, old/new bank consistency and duplicate checks; human/authorized finance review required before updating payment destination. Apply least-privilege access to bank data as a system security control.
Verification status / notes	Explicit checklist; sensitive data access control is a system-design requirement

22. Change in Name/Address of Trust/Society/Company (including merger)

AICTE APH DOCUMENT REQUIREMENTS MATRIX

APH source	Chapter II §2.20; Annexure 2 §2.13
Documents required / condition	Approval from Charity Commissioner/Registrar of Societies/Registrar of Companies for name/address change or merger; notarized Affidavit 10 by Chairman/Secretary stating no commercial/business angle; certified registration document showing members, objectives, MoA and Rules; recommended BoG composition per Annexure 17; for Section 8 company, MoA/Rules must state non-profit objective and surplus used exclusively for institution development; land documents/lease deeds showing ownership in new entity's name; for merger, registered transfer/conveyance deed transferring land/assets/infrastructure to transferee; proof of working capital via FDs or latest bank statement in new entity's name at recognized Nationalized/Scheduled Commercial Bank plus Branch Manager certificate; approval for changes in trustee/member names; Format 3 resolution stating reasons, signed by Chairman/Secretary.
Fields / data to capture	Current/proposed legal entity name/address, entity registration number/type, members/trustees, MoA/Rules, BoG composition, land/asset transfer details, working-capital amount and bank evidence, approval references, reasons and resolution metadata.
Authorized signatories / document issuers	Approvals from Charity Commissioner/registrars; Affidavit 10 notarized; registration documents certified by concerned authority; bank certificate by Branch Manager; resolution signed by Chairman/Secretary; registered transfer deed from competent registration authority.
Validity / time limits	No universal expiry stated for registrar approvals, affidavit, resolution or transfer deed. Latest bank statement/working capital proof must be current as described; the handbook does not define a fixed number of days for 'latest'.
Automation guidance	Automate presence, legal-entity name consistency, registration numbers, document dates and working-capital evidence. Human legal review required for asset transfer, entity continuity, disputes and compliance with prevailing law.
Verification status / notes	Explicit checklist; extensive legal and conditional review

23. ODL / Online Learning (OL) courses

APH source	Chapter V; Table 2.3; relevant UGC regulations and AICTE portal formats
Documents required / condition	Table 2.3 places ODL/OL applications under Annexure 2 and indicates Scrutiny/Re-scrutiny, EVC and SAC/SHC as applicable. The extracted Annexure 2 §§2.1–2.16 do not provide a dedicated detailed ODL/OL checklist in the same format; Chapter V and applicable UGC regulations/portal instructions must be reviewed before publishing a definitive list. Do not substitute Annexure 1 by default unless the relevant clause explicitly requires it.
Fields / data to capture	Mode (ODL/OL), proposed courses, programmes, academic year, institution/university status, delivery/learner-support arrangements and evidence required by Chapter V/UGC regulations. Exact form fields require Chapter V and current portal form extraction.
Authorized signatories / document issuers	Institution authorized signatory; competent university/UGC/AICTE evidence as required by the applicable Chapter V clause. Exact signing matrix needs clause-by-clause confirmation.
Validity / time limits	Table notes applications processed twice a year as per UGC norms. Individual approval/certificate validity must be extracted from Chapter V and applicable UGC regulations; no generic expiry should be assumed.
Automation guidance	Do not enable a final checklist until Chapter V and UGC-linked conditions are mapped. Once approved, automate presence and dates; human review assesses delivery and regulatory eligibility.
Verification status / notes	Needs further clause-level extraction before a complete checklist can be approved

Document / rule	APH reference	Trigger / requirement	Explicit validity / time limit	Automation guidance
Structural Stability Certificate	Chapter VI §6.17(h); Annexure 2 §2.1	Required after 30 years from issue of Completion Certificate (for certifying human habitation/safety).	Valid for FIVE years from date of issue.	Automatable if issue date and building completion certificate date are captured; verify issuer is registered Structural Engineer.
Private lease of land	Annexure 1, printed pp. 77–78	Registered private lease; 30-year validity as of Council notification; lease must cover at least five years of programme duration at application time, as stated in Annexure 1.	30-year validity condition; at least 5 years live programme duration at submission.	Need legal review of deed, registration, lessor title and conditions; dates can be pre-checked.
Partial/provisional Occupancy Certificate	Annexure 3 §3.1(c)	Copy of approved plan plus Completion/Occupancy Certificate; partial/provisional certificate treated under stated condition.	Only for 2 consecutive academic years.	Automate academic-year counter; human review confirms document type and applicability.
Fire Safety Certificate	Annexure 1; Annexure 2 §2.1; Chapter VI §6.17(i)	Must be valid and issued by competent authority.	APH does not prescribe one universal number of years; use expiry/validity shown by issuing authority and applicable State rules.	Do not invent a fixed expiry; mark 'validity to verify from certificate/authority'.
Occupancy/Completion/Building License/Form D	Annexure 1; Annexure 2 §2.1; Chapter VI §6.17(g)	Applicable certificate issued by competent authority.	APH checklist says valid/applicable but does not prescribe a universal expiry duration in these clauses.	Check document type, issuing authority, site and expiry if provided; human review where unclear.
Audited statement of accounts	Annexure 2 §2.1	Audited statement for the previous year.	Period requirement is previous year; no number-of-days freshness rule stated.	Validate financial year and audit metadata; not just upload timestamp.
LoA for new Technical Institution	Chapter I, LoA provision around §1.10	Letter of Approval issued for new technical institution.	Valid for two Academic Years; stands cancelled on expiry of two years.	Track approval issue academic year and expiry status; this is approval validity, not an uploaded document expiry.
Closure of Programme/Course application	Chapter II §2.18(f)	Required mandatory documents must be submitted for the closure application.	Application valid for duration of the respective course.	Track course duration and closure case deadlines; do not confuse with certificate expiry.
Affidavits 2, 4, 8, 9, 10, 11	Annexure 1/2 and prescribed Affidavit formats	Use the prescribed affidavit format, stamp paper/e-stamp amount and oath/notarization requirements where stated; digital signing applies as specified by chapter.	No general expiry duration stated in the cited annexure clauses.	Validate format/version, signatory and authentication; human legal review for adequacy.
NBA certificate / NIRF ranking for Collaboration & Twinning	Annexure 2 §2.14(x)	Valid NBA certificate or NIRF ranking within Top 200 for relevant course(s).	Must be valid; no fixed universal period specified in §2.14. Use source period/date.	Could verify metadata against authoritative record if integration exists; human confirmation before rule publication.

Application edits after final submission	Chapter II §2.3.3; Chapter I §1.4.3	Data editable until final submission; after submission editing is not allowed while processing is ongoing, subject to prescribed reopening process.	Reopening is allowed one time with competent-authority approval under §2.3.3(e).	Workflow rule, not document expiry. Implement audit trail and authorized reopening.
Appeal after EC decision	Chapter II §2.24(a)	Appeal to Council through SAC process, if institution is aggrieved.	Within 7 days from date decision is uploaded.	System deadline/alert; date of uploaded decision is trigger.
Affiliating University/Board views	Chapter II §2.19(c)	Copy of application submitted to affiliating University/Board; views forwarded to AICTE.	Within 15 days from last date of application submission; Council may proceed if views not received.	Track receipt date and statutory/process clock separately from document expiry.

Field group	Suggested fields to capture	Source / basis	Applicability note
Application identity	Application ID, category, handbook version, academic year, institution ID, applicant entity	General application/workflow traceability; exact portal field labels must be confirmed from live AICTE form.	Required for system design; not a claim that these exact field names appear verbatim in APH.
Applicant / legal entity	Trust/Society/Company/PPP/BOT type and registered name; members/trustees where applicable; authorized signatory and designation	Annexure 1 and Annexure 2 legal-entity documents.	Conditional on application type.
Course/programme	Current and proposed course/level, nomenclature, intake/divisions, student status where closure/merger applies	Chapter II and Annexure 2 application-specific requirements.	Do not apply every field to every category.
Site/building	Site address, land/lease documents, land use, coordinates, building completion date, occupancy/fire/structural certificate dates	Annexure 1, Annexure 2 §2.1, Chapter VI §6.17, Annexure 3.	Conditional for site/building-related applications; some EoA documents apply broadly.
Financial	Relevant TER/payment receipt; previous-year audited accounts for EoA; working-capital proof for new entity/name changes where applicable; FDR/RPGF details for closure	Annexure 1 and Annexure 2 §§2.1, 2.7, 2.13.	Avoid collecting financial fields not required for that application.
Document metadata	Document type, applicable clause, mandatory/conditional status, issuer, issue date, expiry date (if present), academic period, signatory, signature/authentication state, upload version, file hash	Needed for auditable deterministic document rules; some are software metadata rather than APH-named fields.	Use separate 'APH requirement' and 'system metadata' labels.
Access / permissions	Institution user may prepare/upload; authorized institutional signatory signs/submits; committee/reviewer reads and records findings according to delegated role; admin manages accounts/rules separately.	APH specifies signatories and committees, but does not define application-software RBAC roles/permissions in a technical schema.	RBAC matrix is a FlowGuard design decision, not an APH document requirement.

Topic	Important interpretation
Source scope	Uploaded file: Approval Process Handbook 2024–2027. This workbook is based on the text-extractable content of Chapter I/II, Annexures 1–3 and referenced provisions; categories that refer to Chapter IV/V/UGC rules are explicitly flagged for further clause-level review.
No invented checklist	If the handbook points to a portal form, another chapter, another annexure, State law or UGC rule without spelling out the exact fields/documents in the current clause, the workbook marks that dependency rather than inventing a universal checklist.
Validity distinction	'Valid certificate' does not automatically mean a common 1-year/3-year expiry. Only explicit periods are encoded as hard rules. Otherwise use the issuing authority's expiry and mark human verification if unclear.
Meaning of access	The APH identifies authorized signatories and competent issuing authorities, but does not provide software role-based access control (RBAC) permissions. The access column therefore captures document authority/signing and notes where application permissions must be designed separately.
Deployment warning	Before publishing executable rules, verify every row against the PDF page image where tables/forms may be visually encoded, the latest official corrigenda/public notices, and the current AICTE portal form. Rule governance should version and approve each rule.
